Showcase description

Diplomato allo IED (Istituto Europeo di Design) come Digital Designer,ho avuto diverse esperienze nell'ambito della progettazione grafica, compreso un periodo di sei mesi in un'agenzia pubblicitaria a Stoccolma (Klirr Stocholm). Attualmente lavoro come disegnatore grafico in un'industria ceramica, ma durante questi ultimi anni mi sono occupato anche di brand e web design. Disegno da quando ho memoria, sono passato col tempo dalla matita al digitale sfruttando Adobe Photoshop ed Illustrator (prediligo la colorazione vettoriale). Mi ha sempre entusiasmato il fatto di "comunicare con le immagini", vorrei avere la possibilità di applicare questo principio sia nelle realizzazione di stampa che web.
