Showcase description

I am Graziano and I am a music producer, composer and music maker. My work is mainly for video productions, commercials, documentaries and movie trailers. Main works catalogue includes Ferragamo (AMO), Tom Ford (Timepieces), Mark Brunett, YOY Music and VICE/HBO as major client for which I've been producing over 100 music cues per month on reference. Ocean's 9 and Rosebud are my main movie trailers. I'd like to boost my client basis for commercials, producing ad hoc music for videos next to directors, marketing managers and music supervisors.
