Employment Search: Si
Internships Available: No

Showcase description

My name is Stefano Aquilante and I am a senior copy freelancer. I started copying in Havas starting from the atl. Today I am a professional with experience in all communication media. Commercial, video, editorial, digital, social, OOH, radio, events and promotions. I grabbed the budget and managed as creative director atl and btl for clients such as Fastweb, Unipol, Ciba Vision and others. My specialty is designing creative concepts and leading junior creative teams. My aspiration is to win tenders and take on the budgets of medium and large clients. I believe I am a generous, altruistic, enthusiastic person. stefanoaquilante@fastwebnet.it
