Showcase description

My name is Valeria, I am 23 years old, and I recently earned my Bachelor's degree in Graphic Design and Art Direction from NABA. During my academic journey, I had the opportunity to explore various creative fields, discovering a strong inclination for branding design, UX/UI design, editorial design, and digital content creation. These areas have allowed me to combine technical precision with strategic thinking, delivering design solutions that not only communicate but also create meaningful visual experiences. I am a curious and determined person with a strong desire for professional growth. I approach every project with attention to detail and dedication, always striving to add value to the team and clients I collaborate with. I am confident that joining a stimulating and innovative work environment like yours would be the perfect opportunity to expand my skills and challenge myself. I would love the chance to connect with you and discuss how my skills and motivation can contribute to your company. I hope to meet you soon! Valeria Barresi
