Showcase description

I started out as creative graphics working within agencies and the internet will lead to the editorial graphics. I follow the project from the design phase to the executive; I have a thorough knowledge of the techniques of printing and prepress. Coordination skills and team work. So organize and carry out the work on their own, but I find it challenging to collaborate companies shared. Ebook - In addition to the paper follow the evolution of publishing and I'm looking out to the realization of digital products for the publishing industry in particular e-book e-reader. My goal is to collaborate with many, publishers and agencies are interested in the development and deepening Specialties: Design magazines and books. Production of brand development, websites, marketing materials. knowledge of software: Microsoft Windows, Mac OS X, Adobe Photoshop, Adobe Illustrator, Adobe In-Design, QuarkXPress 8.0, Dreamweaver, Word, Power Point, Excel, framemaker, Sigil, Open Office, Calibre.
