

Giovanni Matola

Illustrator

Location: Italy > Piemonte > Torino

Years of Experience: 5-10
Employment Search: Si
Internships Available: No

Showcase description

Nowadays I'm working as a graphic designer/publisher but I cannot really spend a lot of time doing my prior dream: drawing. I've always been affascinated from animated graphics but my melty style of drawing is more related to comics. So my 1st priority dream is working as a professional illustrator... but I'm also planning to become an astronaut!
