Showcase description

MARZIO ISAYA graphic designer is a communications and image 'laboratory' which through the pooling and interaction of a variety of independent yet complementary and co-ordinated professional resources is able to supply a complete range of services for the creation, enhancement and defence of the image of a company, or product, as well as the mapping out of a strategic communications plan. More than ten years' experience in various product sectors enables us to develop efficiently and at competitive prices, novel ideas for support products such as: - company and product trademarks, corporate identities - brochures, catalogues and pamphlets - publications, house organs, newsletters - advertisements and press campaigns - packaging and merchandising - illustrations and computer graphics - interactive multimedia presentations
