### Showcase description

Franco Padiglione Jewels has got a long tradition in the world of jewellery because of his creations that indicates the artisanal talent and the artist's sensitivity. The multicoloured and multiform qualities of coral, the bare rocks as agate, aquamarine, emerald and jade, are ideally suited, creating the jewels. The Franco Padiglione productions are the astonishing achievements of the experience and art's passion that has been passed down over the generations and has been consolidated, reaching a unique perfection's levels. The tradition is added the constant search for new forms and materials that give life to the charm of contemporary design creations . In recent years the company Franco Padiglione Jewels pursuing an internationalization project , achieving great success and acquiring new foreign customers . In 2008 and 2009 he took part , respectively , the fourth and fifth edition of the fashion show " Textures Sicilian " , held in Paris . In 2011 returns to the Paris scene taking part in the event exhibition " Eclat de Mode" and in 2013 at the International Jewellery Tokyo , met with great interest in visitors and getting great feedback . From 2013 the company operates, with a permanent exhibition, at the Grand Hotel Donat Rogaska Slatina ( Slovenia ) , where he has great success among Russian customers and Azerbaijan .
