Showcase description

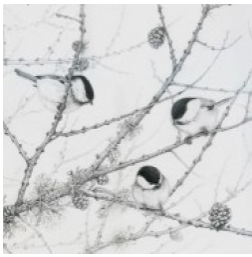

Marina Durante is an Italian naturalistic illustrator and wildlife artist. Her artworks have been published by Publisher in different countries. She is very fond of nature and she loves to discover wildlife around the world: she has realized many trekking expeditions and dive travels in different landscapes and oceans from the North to the South of Earth (Sahara, Patagonia, Iceland, Greenland, Galapagos, Andes, Himalayas, East Africa, etc.). She finds inspiration for her art in the wilderness and she thinks that wildlife art, showing the 'Great Beauty' of Planet, has the mission to sensitize people towards respecting nature.
