Showcase description

Army medical-psychiatric profession, but above all I musicoterapia.Credo in art therapy, of 'action, creative thinking and listening. In particular I am fascinated by the imaginative music therapy, light, and I am a founder and supporter of the discipline. The passion and the practice of listening led me on the web and now I enjoy communicating and stimulate the imagination in this virtual world, apparently. I like art, neuroscience, philosophy and above all a man of extraordinary power and exploiting the 'art of music I try to talk in a light and pleasant. Web-art-therapy, therapy? Maybe. My world is called "MAJAKURA" transmissions (nearly 100) and varies the presence in the web world in various international podcasts. The webradio that my host is www.radioimago.net (another creative place) now I am exploring with my myspace MAJAKURA PLANETE propose brief comments on selected music (MAJAKURA DROP). I'd like to share in this community and convey pleasure and well-being. In the window I put the covers of my books, excerpts, and a few drops of transmission to listen to. If you want to, can listen and download my free transmissions, various podcasts from i-tunes or by typing "majakura" or, from the radio site and comment on the blog. Go to the myspace and listen to my Majakura Planet "dreaming souls." Available collaborations and dreams. Currently collector of souls dreamy and restless tonsils on FB, but in "reality" committed to "Shoot Dreams" with readings and music-therapeutic paths.
