Showcase description

My name is Richard, I live and work in Milan ... I grew up in the School of Cartoon and worked in the most 'prestigious Italian graphic design agencies. My professional life comes in black and white, pencil and China are my tools but I also like the color that I put a bit 'of everything, paper and textiles. For more than a year enrich the brands of many exercises and local realities. Anyone wishing further information please do not hesitate to contact me!
