### Showcase description

I'm attracted to and I'm a visual lover, as expression of communication and suggestion, not only as appearance. I love music (which occasionally play with) and racing cars, which doodle as a child. I have a long experience in motorsports (and more) marketing. I want to discuss myself, need to do and always hungry for new knowledge, techniques, ways. I love vanilla in all its expressions, strawberries but also pizza, the sunsets and autumn colors, the sound of mountain streams, wind in the trees and sea waves. I love to fly but do not know yet how do it without check-in. I love the piano sound and when I grow up I want learn to play the piano really. Find me at 349.3105160 Write me to [stivi@stivi.it](mailto:stivi@stivi.it)
