## Showcase description

I am a chilean Illustrator. I have been drawing and painting since I can remember. My professional work experience is about 19 years in the areas of Illustration, Concept Design, Background Painting, Texturing, Art Direction and some knowledge of 3D Modeling and Animation. I have worked for companies in the areas of Graphic Design, Advertising, Editorial, Animation, Post-Production and Videogames. Also, I always have a great time drawing and painting caricatures of famous people and some portraits too. Currently, I am looking for new challenges as a Freelance Illustrator. My policy is to give my best effort, attention to detail and quality, whatever the project...
