Showcase description

I am a girl who is currently attending the Academy of Fine Arts in Venice and works as a waitress at the weekend, to secure a minimum of independence. I attended the Liceo Scientifico "Titus Lucretius Carus" in Cittadella (PD), despite my propensity to art, but once finished, I followed my aspirations by enrolling in the Academy. I'm looking for new and different techniques, and the courses I choose to attend comply with this principle. In 2013 I exhibited my installation at Art Night at the Academy of Venice. I'd like to find a job in line with my studies and that allows me to better express my creativity, even in the field of illustration for children or textile applied to the field. I have a great desire to learn and to test myself with technical tasks and meeting for the first time. My contacts are: e-mail: LauraMartini261@gmail.com
