Internships Available: Si

Showcase description

My name is Giulia Azzinii, I was born in 1987 in northern Italy. Since I've graduated, I have mixed a freelance career with longer collaborations as Illustrator, Graphic Designer and UI Designer. I love to work in different media, in analog mediums (mainly ink, pencil, paint) and computer as well. My knowledge of graphics software programs are comprehensive of the Adobe Creative Suite, Illustrator, Photoshop, and InDesign, and 3D rendering software programs (Cinema4D and V-Ray). As Graphic Designer, my focus is to combine logic and emotions, creating a simple but effective graphic language. I am always interested in collaborations with other artists, from all disciplines and I love to be part of new amazing projects.
