Employment Search: Si

Internships Available: Si

Showcase description

My name is Keren Wogerbauer, i'm a fashion stylist graduated at Marangoni Institute. My main fields are trend research, fashion styling, visual merchandising and photo retouching. During my last internship, i have dealt with p.r. activities, visual merchandising and graphic works. In my free time, i'm focused on my styling works, and i collaborate for the creation of spots for Zooppa contests. I'd like to find a creative job, and try new working experiences, in order to express my creativity and my ideas.
