Student

Location: Italy > Emilia-Romagna > Bologna

Years of Experience: 5

Employment Search: Si

Internships Available: Si

Showcase description

I'm Sara, I'm 22 and I'm studying marketing and communication at the University of Bologna. I've always had a creative mind, I like to play especially with words, but also with images, and combine them to find new and original ways to communicate something. So what I'd really like to do is take care about the visual, searching among my ideas.
