Showcase description

I'm a Graphic Designer and Illustrator with seven years experience in advertising and communication in dynamic and professional enterprises. I just finished studies at Accademia di Belle Arti di Firenze achieving a MA in Visual Art and New Media, Graphic Design Class, with honors. The Thesis project I presented was a complete typeface family in relation with the theoretical research. I'm passionate about graphic design and illustration as I am about art direction. Please contact me if interested at clarissalavi@gmail.com
