Showcase description

Contacts email: info@nauled.it Nauled Srl Via Cavour, 13 - 22040 Lurago D'Erba (CO) Italy Nauled Srl provides complete consultancy, from design to manufacturing of devices and LED lighting systems customized or in series, to find the most suitable solutions for every need and for different sectors (lift, contract, retail, HoReCa, home, office). Our catalog offers a wide range of products: ceiling lights, spotlights, bulbs, StripLED and accessories dedicated to architectural requirements, ranging from outdoor, offices, stores up to the exhibition and public spaces. Nauled products with a simple and modern design, are CE certified and in compliance with the uses prescribed by the regulations on lighting UNI-EN 12464-1. Aware of the need to create a sustainable future, our products are made with easily recyclable materials as required by the most recent international conventions. Also they use technologies that minimize power consumption while maximizing performance and luminous efficiency. We follow the customer from the first contact to after-sales, providing support and assistance on all our products. We also conduct consulting activities to find solutions for every type of environment for a better realization of the lighting project. Always paying attention to continuous improvement, in 2011 we obtained ISO 9001: 2008 certification thus ensuring products and accessories to high quality standards led.
