Showcase description

I would like to apply for a Marketing Internship position. As you will see from my attached CV, I recently graduated with a degree in MSc marketing management from the University of Westminster. Throughout my master program, I have always organised my time efficiently and I have successfully combined group projects and oral presentations, with individual assessments and exams. I have always worked hard and paid attention to details in order to reach the goal and respect the deadlines. Due to the multicultural environment, I have learnt to be flexible, quick to pick up new skills and eager to learn from other people with different backgrounds. I also have lots of ideas and enthusiasm. Throughout the experience at Karla Otto London, I had the possibility to apply the knowledge from my previous studies and I also improved my interpersonal skills either inside the office or with journalist and clients. Due to the collaboration with my managers, I had the opportunity to improve the communication of some of the most popular fashion brands such as?.. In addition, working in a multinational company allowed me to deal with different types of situations and to have contact with different countries. Whilst working to promote a new start-up, I have built strong customers relationship by assessing client needs and providing relevant product knowledge. I have constantly shown enthusiasm during the sponsoring and I have given new ideas in order to allow the start-up to increase its visibility as much as possible. Besides improving my interpersonal communication and customer care skills, this experience also enhanced my commercial awareness and I believe that these qualities make me suitable for the above role. I am very interested by working for an organization with an expanding publishing, contacts and clients portfolio, with a great reputation and a high profile such as yours. I am available for an interview and I would welcome the opportunity to further discuss my application. Thank you for considering my application, I look forward to hearing from you. Yours sincerely, Carlotta Chirico
