## Showcase description

Calm, I'm not crazy, it's just pure appearance. What I wear is a tool that allows me to see the world in different "perspectives". More simply, I'm like YOU: I think and "put together" the pieces of the acquired knowledge. In this site we will talk about what I have "assembled" through studies and my experiences. Why do I do? passion, simple passion. Take the opportunity, knowledge is free. My passion, outside of work, is to study the processes of the mind, under different points of view: psychological; cognitive; neurological, etc .... At work I do anything, I love you anyway.
