Showcase description

Hi. My name is Eloisia Salerno and I am a Freelance Graphic Designer. I am originally from Sicily, more precisely from Palermo, even though I have been living in Milan for more than seven years now. I graduated in Advertising Technique, then attended a master in Art Direction and Copywriting at the Politecnico di Milano. After the master I worked as Art Director at some agencies in Milan, such as Sunny_Milano, where I learned a lot from wonderful people. Drawing is my first passion, therefore I love drawing and illustration in all their forms and facets, as well as anything that can be defined as creative. I deal with both corporate graphics and wedding & event design. I also call myself a Papercrafter, a paper craftswoman. monnaeloisia@gmail.com https://www.behance.net/monnaeloisia CV: https://drive.google.com/file/d/1czRZeFQVAzTuztAXsJh_s3slXfb8W7ox/view?usp=sharing https://www.sfogliami.it/fl/197763/z526f1k6fz4mmukyzzg558cxvpfdfjh
