Employment Search: Si

Internships Available: No

Showcase description

Good morning, I'm Federica I'm 25 and I live in Milan. I am a young freelance graphic designer. Degree in graphic and technical specialization of technical media language. During the five years of high school I learned all production processes of publishing and multimedia, from prepress to press. Instead during the three years in Multimedia I studied the theories and practices of media production. I am a creative person, curious, dynamic, precise, reliable.
