Showcase description

Ilaria Musazzi Via della Doniga 2 21100 Varese, VA mail ilariamusazzi@hotmail.it Since she was a child she has been spent the whole day drawing at the family house kitchen table, mind absorbed between large white paper sheets and a lot of colored pencils, felt-tip pen, brushes and any sort of color. Her education has been based on the world of image and color, lead by curiosity, imagination, and fantasy, always supported by the enthusiasm of whom followed and supported her steps. She worked on many projects and attended many artistic workshops in order to express her own ambitions and passions. In 2000 she attended the Accademia di Belle Arti di Brera in Milan where, she graduated in 2005 obtaining a first level degree in Painting with the teacher Augusto Bernardi. While she was studying she experimented with any sort of artistic technique such as watercolor, oil painting, artistic printing, wall painting, not denying the use of digital art and photography. Nowadays she takes part in various national and international contests, that are always an occasion to be productive and to get reviews from other artists, while she is waiting for seeing her childhood dream comes true: a published project and the beginning of a long professional career.
