### Showcase description

Hi, I'm Silvia Briscese. I graduated on 2013 in "Cinema and Visual Arts" at RomaTre University and then I had 2years post-graduated program in Cinematography at Studios of Cinecittà in Rome. Since 2010 I'm a Camera Operator and Photographer. In the subsequent years, thanks to collaborations with Advertising Agencies and Television Companies based in Rome (Italy), Milan (Italy), Berlin (Germany) and Toruń (Poland), I increased my professional abilities with Video Editing and Graphic Design. I have a good knowledge of digital and social environment. I'm an advanced in use of film, photography and light equipment and I'm a master level in Adobe Creative Suite CC (Lightroom & Photoshop) and Final Cut Pro X. I'm curious, responsible, pro-active and I'm able to work independent and in team.
