Showcase description

My name is Fabiola Lagona, I have a bachelor degree in Scenography ? Interior Design and Furniture Design at the Academy of Fine Arts in Milan and a I have an high school degree in Graphics Design. with good knowledge of project development. I also have experience in learning and excelling new technologies as needed. I specialized in using graphics software such as Adobe and 3D modeling using 3DsMax with Vray and Rhinoceros and AutoCAD 2D/3D. I quickly learn new applications and I?m able to manage the development and production of a project, I also have the ability to produce drawings and maquettes using different artistic techniques.
