Showcase description

LETIZIA GREGORI Graphic Designer - Milano gregoriletizia@gmail.com Letizia Gregori @ Behance I think nothing is harder than talking about yourself, especially when you?re only 21 years old and you still have your whole life to figure out. I?ve always been a curious girl. One day I discovered that we are surrounded by a world we don?t ever know we interact with: the graphic design. The moment I became aware of this unknown field I realized that it was what I wanted to do in my life, as I can have the posibility to explore both the sides of my personality; the methodical and the creative one. So I started my adventure: everyday I challeng myself and I am more than willing to be challenged. So try me!
