Showcase description

Hi, I'm graduating in photography at the Istituto Europeo di Design in Milan. In July I will finish the three-year course developing a photographic thesis based on the story of a very important Italian restaurant. I'm a big lover of food photography, good food, and I'm always looking for new things. I would like to propose myself for a possible job offer also as an assistant photographer. Online portfolio -> <https://elisazucca.wixsite.com/ezfoodph> Thanks for the attention, Elisa.
