Showcase description

My name is Erika Volpe and I am a 22-year-old student; I am currently completing my bachelor's degree in LINGUISTIC MEDIATION (L-12) with regard to PR, ADVERTISING and MARKETING at the university CIELS in Milan. I would be interested in doing an internship, at least 150 hours, relevant for my field of study, Public Relations and Marketing. Further to Italian language, I speak fluently both English and German. I am a very motivated person and I work with enthusiasm, perseverance and commitment; I see new challenges as opportunities to grow and, also in the most difficult situations, I try to search for alternative and out-of-box solutions.
