Internships Available: Si

Showcase description

Hi, my name is Laura and I?m a freelance illustrator. I love discovering use and costumes of the world, traveling, talking with imaginary creatures, getting lost in my dreams. Through my work, inspired to folklore and naïf art, I create bridges between cultures, past and present, visible and invisible worlds, in my personal way. My work is bizarre, different, unusual and very colorful, because I have a child?s soul in an adult body. I am attracted by mysteries, secret gardens, labyrinths and I feel like Alice in wonderland, my inspirational muse.
