Showcase description

Instagram: leddia_ Mail: ledagabelli@gmail.com I'm Leda Gabelli, class '93, I draw since I was a kid; I'm from Deiva Marina, a small and wild village in Italy, near the Mediterranean Sea. In June 2018 I've completed an illustration course at the Civica Scuola Arte&Messaggio in Milan and I've an high school diploma in graphic advertising and a visual art degree confirmed by the art academy NABA situated in Milan. In addition to drawing I also love reading classics and war narratives and I watch a lot of animated series (like Avatar the Last Airbender, Devilman Crybaby, Death Note, Steven Universe). I love the smell of the sea storms and the winter wind, I love eating pizza in front of the sea during the evenings of ending summer. Lately I fell into a never-ending tunnel called kpop.
