Showcase description

I'm Roberta. My greatest ambition is to become a successful web writer. I have worked a lot to reach my dream and I continue to do it every day. I'd like digital marketing activities (DEM, landing pages, blogging, social contents) and improve my competence together with people I work with. Moreover, given the role that the media play, I'd like to take care of Press Office. To contact me: roberta.acanfora@virgilio.it
