Showcase description

Hello everyone! I'm Martina Cuconato, but I'd rather be called Martha Cuk. I'm 22 years old, I have a degree in Tourist Sciences and I work momentarily as a waitress. My passion has always been drawing, art. I've been drawing since I was little but, unfortunately, I've never attended the art academy or the academy of fine arts. I recently took a drawing course at the University of Calabria and I must say that it was very useful. Thanks to this course I think I have improved a lot in the realistic style, in the application of shadows and lights, in the proportions applied to human anatomy, etc. My biggest goal of life is to improve more and more in the fields of drawing and painting and then, in the future, to become a successful artist or cartoonist to show the world my emotions, my talent and my love for art.
