Behance: <https://www.behance.net/marcelinapellegatta> My name is Pellegatta Marcelina, I graduated in Graphic Design from Amedeo Modigliani Giussano in 2014, in June 2016 I finished a two-year course in Advertising Graphics at the Arte & Message school in Milan. I am a young 26 year old girl looking for a job within your company, I am very passionate about cinema. I therefore enclose my CV so that you can evaluate my application and compare it with what your needs are. I consider myself a dynamic, creative person, predisposed to public relations and able to work both alone and in a team. I am reliable, precise, I have a strong sense of duty and I am sure that I am able to perform satisfactorily the tasks that will be assigned to me, learning quickly and with enthusiasm. Marcelina
