Employment Search: Si
Internships Available: Si

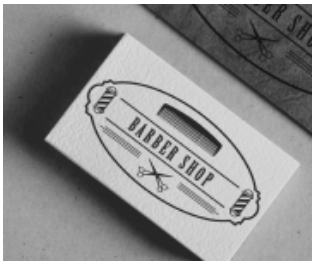

Showcase description

My name is Riccardo Caliendo, I'm a Graphic Designer and an illustrator. My work and my passion are reconciled in a single act: create images in order to communicate. I have been passionate about Design since I understood that one of its basic concepts could be applied to life in general: "less is more". It's a wonderful principle, which invites us to appreciate the quality of things in their simplicity, and not their quantity.
