Employment Search: Si

Internships Available: Si

Showcase description

I am a young Calabrese boy (IT) with a passion for design. I studied Graphics and Communication at school and at the end I obtained a Master in Brand Identity with a 30/30 mark. I am able to do: ADV, packaging design, dies, social posts, Brand Identity, image manipulation, 3D intermediate level, product design, and typography products. I'd like to do anything of these that of course I can do. Contacts @ gt.graphics on instagram Gian Marco Tigani on Behance. giammy-72@live.it email
