## Showcase description

I'm a graphic designer with over 15 years of experience. Graduated from the University of Buenos Aires, having worked in the graphic industry even before I started my studies. I also taught graphic design for 6 years in the Graphic Design career at my beloved University of BA. Worked with small and independent clients, and also big companies like TV networks like History Channel, Biography, Lifetime, and A&E in an effort to focus my career on branding design, marketing, and communication. Right now I am looking for new job opportunities for professional growth in Italy, where I will move in the next few months or sooner if the right job opportunity requires it.
