Showcase description

I have always had a great passion for drawing, cartoons and comics are part of my most beautiful childhood memories, still today they are among my greatest passions. I love animals and being immersed in nature, it is a great inspiration to me. My educational and personal path has always included art, it is part of me and I believe it is one of the most effective channels to express yourself. Today I want to realize my dream: to transmit to others this passion, through my art. Contact me if you want to collaborate, or just for a greeting!
