Showcase description

I hold a degree in Public and Corporate Communication from La Sapienza University of Rome, and I recently completed a specialized training course in Social Media Management at IED. I am now eager to apply the skills I've acquired in a dynamic communication or digital agency where I can contribute actively, grow professionally, and gain hands-on experience on real-world projects. I'm looking for a collaborative and forward-thinking environment where creativity, strategic thinking, and a strong work ethic are valued.
