Showcase description

My name is Martina Betti, and I graduated in photography in 2020 from the two-year Officine Fotografiche school in Rome. After graduation, I worked at various events, birthdays (including 18th birthdays), and studio and outdoor shoots. I also do fashion photography, mainly for clothing boutiques, but I'm open to any other requests. My goal is to bring out emotions and illuminate feelings through a simple photograph. I love capturing details, glances, smiles, and natural moments in my subjects.
