Graphic designer

Location: Italy > Emilia-Romagna > Bologna

Website: <https://www.luigipellarin.com/>

Years of Experience: 5-10

Employment Search: Si

Internships Available: No

Showcase description

Hi! I'm Luigi Pellarin, a Motion Designer with 8 years of experience in communication and digital. Throughout my experience working at an agency in Bologna, I evolved from Graphic Designer to Motion Designer, specializing in product videos, social media content, and visuals for product launches and campaigns. I enjoy turning ideas into content that captures attention and communicates a product in an immediate and engaging way, taking care of both the concept and the final execution. I work daily with the Adobe Creative Suite and use Cinema 4D to create 3D content and animations. After 8 years in an agency environment, I'm now looking for a new opportunity where I can bring my experience, continue to grow, and contribute to visually ambitious and contemporary projects.
