Showcase description

KF ADV is a communication agency that develops integrated communication strategies. Deals with brand identity and digital design, combining creativity and and technological expertise, both for projects Above and Below the line. From strategy to advertising creation, from exibition design to the websites development, up to the creation of commercial video and social media management. Creativity and passion are the engine of the team, key elements for achieving the objectives. At the base of each project and strategy, KF ADV brings all skills of graphic design of the creative team, realizing graphic projects as catalogs, company profiles and packaging. KF ADV also develops projects of e-commerce and social engagement with a creative and pragmatic approach, creating strategies in line with market requirements.
