Location: Italy > Lombardia > Milano

Website: http://www.rrcstudio.com

Showcase description

RRCStudio Architects is active in many fields of architecture, both national and international. Intervention areas concern masterplans, public spaces, public buildings, housing etc. The office has been designing urban plans, waterfronts, institutional buildings, sports facilities, school centers, commercial spaces, housing and other. In 2007 RRC won the 1ST PRIZE of the competition ?Viviendas y Oficinas? in Zaragoza (E) within the Expo'08. In 2008 RRC took part in the international competition for planning a sustainable city for 40,000 residents in Copenhagen (Dk). In 2012 RRC won the 1ST PRIZE for the design of a secondary school in Berlingo (It). Currently RRCStudio is working on real estate developments in the Middle East and in Southeast Asia, on large-scale multipurpose interventions.
